We are opening up our doors this season and offering up our wisdom and experience. Collaborating with energy, driving new ideas and events, developing our intelligent, intuitive sport ahead of where it has been before in all our coaching and competition goals.

We are available all year wherever needed and in Spain. In Empuriabrava, the proximity of both DZ and Tunnel means we can create a training schedule tailored to your exact needs. We have proven this special combination of coaching in both tunnel and sky makes the most efficient use of your time and produces the most effective results.

We offer individualised training, group, and competition Team training that takes your specific needs and flying style into account and our unique program of coaching will work to achieve your flying goals and ambitions.

Please contact us for further information, details on special prices coaching formula, booking and event registration conditions.
